EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Bond on 9-12-06.

The application has been amended as follows:

In claim 9, line 5 after "polytetramethylene oxide" delete ", soft Carbowax"

The following is an examiner's statement of reasons for allowance:

The primary reason for allowing the instant claims is that the prior art of record does not teach the claimed porous stretched thermoplastic crystalline film containing voids, wherein the voids are filled with a filler material, for removing facial oil. Instead, the prior art teaches employing an open-celled porous film with empty pores or alternatively teaches employing plant fibers for absorbing oil, which is different from the claimed thermoplastic film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
